## DFS100-75 X2

For the ultimate in low-frequency performance, the DFS100-75 X2 delivers awesome bass reproduction. This is an amazing subwoofer! It is one of the most dynamic, powerful and controlled subwoofers on the market and being designed by Artcoustic, it looks stunning too. This model changes the way subwoofers are perceived. World class performance, beautiful design - It's Artcoustic! Employing no less than four 10" X2 long-throw woofers, and the X2 bass system to reproduce low frequency signals sumptuously, with high power handling and extremely low distortion, right down to 15Hz.

The DFS100-75 X2 is ideal for use in high-end installations, where sound quality is paramount, such as stereo and home cinema installations, and for commercial use in bars, restaurants and corporate presentation facilities.

The DFS100-75 X2 comes with a PA-1800: a total of 1800 watt 3 channel amplifier, with a total of 1800 watt
